SUMMARY

Self-motivated Full Stack Web Developer and Prompt Engineer with hands-on experience in building responsive websites and writing high-quality prompts for AI-based tools. Passionate about continuous learning, clean UI/UX design, and automating workflows with creative solutions. Proven ability to build real-world projects and solve coding challenges consistently.

WORK EXPERIENCE

Front End Developer IBM SkillBuilds - Edunet Foundation	Aug '25 - Oct '25
Web Development Intern CODECRAFT INFOTECH	Jan '25 - Feb '25
Prompt Engineer for GenAI Internshala Trainings	Aug '24 - Oct '24
Summer Intern – Digital Fundraising Pledge A Smile Project SEVA	Aug '25 - Sep'25

EDUCATION

Indian Institute of Information Technology, Dharwad Bachlors of Technology in Computer Science & Engg	2023 - 2027
Senior Secondary Education - XIIth Computer Science	2020 - 2022
Secondary Education - Xth Computer & other subject	2020

PROJECTS

CineGharShow - Movie Ticket Booking app

- **User Authentication:** Secure sign-up and login handled through Clerk for effortless access management.
- **Movie & Seat Selection:** Users can explore movie listings and select preferred seats in real time.
- **Ticket Booking & Payment:** Integrated payment gateway for secure and seamless transactions.
- **Booking History:** Keeps track of users' previous bookings for easy reference.
- **Email Notifications:** Sends instant booking confirmations via email.
- **Responsive Design:** Fully optimized for desktop and mobile viewing, offering a modern user experience.
- **Database Integration:** MongoDB used for managing user details, bookings, and movie information efficiently.

Stopwatch web-app

- **Start, Pause, and Reset Controls:** Easily start, pause, and reset the timer with intuitive buttons.
- **Accurate Time Tracking:** Measures time precisely in minutes, seconds, and milliseconds.
- **Responsive Design:** Works smoothly across desktop and mobile screens.
- **Dynamic UI Updates:** Time display updates in real time using efficient JavaScript logic.
- **Clean and Minimal Interface:** Simple, distraction-free design for a better user experience.

Calculator web-app [↗](#)

- **Basic Arithmetic Operations:** Performs addition, subtraction, multiplication, and division accurately.
- **Real-Time Calculation:** Instantly updates results as users input values and operations.
- **Clear & Reset Function:** Allows users to clear inputs and start fresh anytime.
- **Responsive Design:** Fully functional across different screen sizes and devices.
- **User-Friendly Interface:** Simple and modern layout for smooth interaction.

TECHNICAL SKILLS & INTERESTS

- **Languages-** JavaScript, TypeScript, Python , Java , C , C++ , SQL, CSS, HTML.
- **Frameworks-** Next.js, React.js, Node.js.
- **Tools-** Github , Google Cloud , Firebases.
- **Databases-** SQL , NOSQL(MongoDB) , Vector.
